# energydrill

## A unique behavioural demand response program

Key program features:

- Triggered by indicators of supply conditions
- Next day reporting & savings tracking
  - Pre-determined actions
- Building specific, all-day response
- Adaptable to commercial & institutional buildings

*"In 17 years of teaching and running Eco programs the Energy Drill was the first that brought together the whole school: students, teachers, principals, caretakers, school boards and utilities."*

Ingrid McEachen  
Grade 7 teacher  
Cardinal Leger School
